FLORIDA ATLANTIC UNIVERSITY
CHRISTINE E. LYNN COLLEGE OF NURSING
COURSE SYLLABUS

SEMESTER:

COURSE NUMBER: NUR3115

COURSE TITLE: Foundations of Caring Science in Nursing Situations

COURSE FORMAT: Live, in person

CREDIT HOURS: 3

COURSE SCHEDULE:

PREREQUISITES: None

COREQUISITES: None.

FACULTY:

OFFICE HOURS:

COURSE DESCRIPTION: Introduces nursing as a distinct discipline of knowledge and unique professional practice grounded in caring science. The evolution of the science and art of professional nursing as a discipline is examined. Emphasis is placed on introducing the student to caring science, as well as concepts of civility and inclusivity, as foundations for practice. Nursing's role in local, global, sociopolitical issues are also discussed.

COURSE OBJECTIVES:
Becoming Competent

1. Describe nursing's historical development of professional identity and nursing knowledge as a discipline.

2.   Identify concepts from the nursing process, nursing metaparadigm, and caring theories that develop a foundation for holistic nursing practice.

Becoming Compassionate

3.   Describe self-care behaviors that promote wellness and resilience.

Demonstrating Comportment

4.   Demonstrate principles of communication, collaboration and adherence to a culture of civility and inclusivity.

Becoming Confident

5.   Discuss the scopes of standards and practice that inform nursing practice.

Attending to Conscience

6.   Describe principles of professional nursing ethics and individual rights as they relate to respect for the perspectives and experiences of others.

Affirming Commitment

7.   Describe the use of caring science as a lens to build an understanding of nursing practice.

TEACHING LEARNING STRATEGIES: Teaching and learning strategies in this course are supported by active participation in discussion boards (DB), online tutorials, PowerPoint presentations and recorded lectures, YouTube and Ted Talk videos, assigned readings, small group in-class assignments, scholarly papers, group projects and presentations, nursing situations, and quizzes. This course employs a flipped classroom approach to student learning and engagement. All examinations in this course are held in the classroom. The course modules begin on Monday of each week, and close on Sunday at 11:59 pm.

GRADING AND EVALUATIONS:

Learning Activity/Assessment	Points/ Percentage	
Nursing Situations: The Nursing Process	20	5%
Personal Philosophy of Nursing	10	5
Nursing Situation: Calls to Nursing/Group Caring Theory Project	20	15
Nursing Situation: Call to Nursing Aesthetic Project	20	5
Calls to Nursing: Social Issues in Nursing	20	5
Discussion Posts (4)	20	10
ATI Modules/Assessments	20	10
Quizzes (2)	20	10
Midterm Exam	50	15
Final Exam	100	20
Total	**300 points**	**100%**

GRADING SCALE: Grade below C is not passing in the Undergraduate program

94 - 100 = A
90 - 93 = A-
87 - 89 = B+
84 - 86 = B
80 - 83 = B-
77 - 79 = C+
74 - 76 = C
70 - 73 = C-
67 - 69 = D+
64 - 66 = D
61 - 63 = D-
0 - 60 = F

TOPICAL OUTLINE:
1. Historical development of nursing
    a. Foundations of nursing knowledge
    b. Development of Nursing Education
    c. Nursing Leaders
2. Nursing Process
    a. Prioritization of Health Needs
    b. Calls for Nursing from caring perspective
3. Critical thinking (Thinking like a professional nurse)
4. Clinical judgment/reasoning
5. Carper's Ways of Knowing
6. Nursing's Metaparadigm
7. Caring Science Theories
    a. Sister Roach's Six Cs
    b. Jean Watson's 10 Caritas
    c. Mayeroff's On Caring
8. Nursing as a profession and discipline
9. Nursing accountability and responsibility
10. Nursing Code of Ethics
11. Nursing's Social Policy Statement
12. Civility and inclusivity in nursing
13. Introduction to principles of effective communication
14. Caring for self

COURSE POLICIES & GUIDELINES

COLLEGE OF NURSING POLICIES

The faculty reserves the right to make changes in course content and requirements.

Policies below may be found in:
a). The Christine E. Lynn College of Nursing Undergraduate Handbook located at:
https://nursing.fau.edu/academics/student-resources/undergraduate/index.php
b). Florida Atlantic University's Academic Policies and Regulations
http://www.fau.edu/academic/registrar/FAUcatalog/academics.php and
http://www.fau.edu/regulations

CODE OF ACADEMIC INTEGRITY:
Students at Florida Atlantic University are expected to maintain the highest ethical standards. Academic dishonesty is considered a serious breach of these ethical standards, because it interferes with the university mission to provide a high quality education in which no student enjoys an unfair advantage over any other. Academic dishonesty is also destructive of the university community, which is grounded in a system of mutual trust and places high value on personal integrity and individual responsibility. Harsh penalties are associated with academic dishonesty. For more information, see University Regulation 4.001. If your college has particular policies relating to cheating and plagiarism, state so here or provide a link to the full policy—but be sure the college policy does not conflict with the University Regulation. For more information, see: https://www.fau.edu/regulations/documents/chapter4/reg4-001-6-7-22.pdf

CON Academic Integrity: https://nursing.fau.edu/academics/student-resources/undergraduate/academic-integrity-policy.php

The College of Nursing regards adherence to the Code of Academic Integrity as a professional competency and an expectation of all students. **ANY** act of dishonesty that violates the code of academic integrity and misrepresents your efforts or ability is grounds for immediate failure of the course.

DISABILITY STATEMENT:
In compliance with the Americans with Disabilities Act Amendments Act (ADAAA), students who require reasonable accommodations due to a disability to properly execute coursework must register with Student Accessibility Services (SAS) and follow all SAS procedures. SAS has offices across three of FAU's campuses – Boca Raton, Davie and Jupiter – however disability services are available for students on all campuses. For more information, please visit the SAS website at http://www.fau.edu/sas/
To apply for SAS accommodations: http://www.fau.edu/sas/

COUNSELING AND PSYCHOLOGICAL SERVICES (CAPS) CENTER
Life as a university student can be challenging physically, mentally and emotionally. Students who find stress negatively affecting their ability to achieve academic or personal goals may wish to consider utilizing FAU's Counseling and Psychological Services (CAPS) Center. CAPS provides FAU students a range of services – individual counseling, support meetings, and psychiatric services, to name a few – offered to help improve and maintain emotional well-being. For more information, go to http://www.fau.edu/counseling/

INCOMPLETE POLICY:
The Incomplete Grade Policy is enforced. A student who registers for a course but fails to complete the course requirements, without dropping the course, will normally receive a grade of "F" from the course instructor. A student who is passing a course but has not completed all the required work because of exceptional circumstances may, with the approval of the instructor, temporarily receive a grade of "I" (incomplete). This must be changed to a grade other than "I" within a specified time frame, not to exceed one calendar year from the end of the semester during which the course was taken.

ATTENDANCE POLICY:
Students are expected to attend all of their scheduled University classes and to satisfy all academic objectives as outlined by the instructor. The effect of absences upon grades is determined by the instructor, and the University reserves the right to deal at any time with individual cases of non-attendance. Students are responsible for arranging to make up work missed because of legitimate class absence, such as illness, family emergencies, military obligation, court-imposed legal obligations or participation in University approved activities. Examples of University-approved reasons for absences include participating on an athletic or scholastic team, musical and theatrical performances and debate activities. It is the student's responsibility to give the instructor notice prior to any anticipated absences and within a reasonable amount of time after an unanticipated absence, ordinarily by the next scheduled class meeting. Instructors must allow each student who is absent for a University-approved reason the opportunity to make up work missed without any reduction in the student's final course grade as a direct result of such absence.

POLICY ON THE RECORDING OF LECTURES (OPTIONAL)
Because of a new Florida Statute in 2021, the following model language is suggested for inclusion in course syllabi, at the discretion of individual faculty:
Students enrolled in this course may record video or audio of class lectures for their own personal educational use. A class lecture is defined as a formal or methodical oral presentation as part of a university course intended to present information or teach students about a particular subject. Recording class activities other than class lectures, including but not limited to student presentations (whether individually or as part of a group), class discussion (except when incidental to and incorporated within a class lecture), labs, clinical presentations such as patient history, academic exercises involving student participation, test or examination administrations, field trips, and private conversations between students in the class or between a student and the lecturer, is prohibited. Recordings may not be used as a substitute for class participation or class attendance and may not be published or shared without the written consent of the faculty member. Failure to adhere to these requirements may constitute a violation of the University's Student Code of Conduct and/or the Code of Academic Integrity.

RELIGIOUS ACCOMMODATION:
In accordance with rules of the Florida Board of Education and Florida law, students have the right to reasonable accommodations from the University in order to observe religious practices and beliefs with regard to admissions, registration, class attendance, and the scheduling of examinations and work assignments. Students who wish to be excused from coursework, class activities, or examinations must notify the instructor in advance of their intention to participate in

religious observation and request an excused absence. The instructor will provide a reasonable opportunity to make up such excused absences. Any student who feels aggrieved regarding religious accommodations may present a grievance to the director of Equal Opportunity Programs. Any such grievances will follow Florida Atlantic University's established grievance procedure regarding alleged discrimination. For more information, see: https://www.fau.edu/provost/resources/files/religiousaccommodations-students-and-faculty-8-21-15.pdf

CON Religious Accommodation: http://www.fau.edu/sas/New.php

USE OF STUDENT COURSE MATERIAL
The Christine E. Lynn College of Nursing may use students' course-related materials for legitimate institutional purposes, such as accreditation, university review process, or state board of nursing review process, etc. In such cases, materials will be used within the college and university.

FACE COVERINGS and PPE in Laboratory
Persons are required to wear a face mask and a face shield over the face mask when in the laboratory areas, maintain social distancing of 6 feet when possible, wash hands and use hand sanitizer.

ATI Assessment and Remediation Program Policy

Introduction

The Assessment Technologies Institute (ATI) is an online, comprehensive, testing and review program, designed to provide students with various learning tools that will assist them in learning course content, identifying strengths and weaknesses, reviewing content, improving test taking abilities, and ultimately successfully passing the NCLEX-RN® for professional licensure.

Research has demonstrated a strong correlation between successful completion of ATI proctored exams and successful first-time pass rates on the NCLEX-RN® (Davenport, 2007). Courses at the Christine E. Lynn College of Nursing (CELCON) integrate the ATI Comprehensive Assessment and Remediation Program (CARP) as 10% of the course grade in selected courses.

ATI program consists of practice assessments, proctored exams, and tutorials.

All proctored exams, including the RN Comprehensive Predictor, will be scheduled on specific dates and times.

As part of the ATI package, students will be required to complete proctored exams as a course requirement in select courses. Proctored ATI exams will be given at the FAU Testing Center (students pay a sitting fee for each exam) and under exceptional circumstances may be given in the classroom. If in

the classroom, students are required to bring a laptop with Wi-Fi capability and, browsers compatible with the ATI program. Proctored ATI exams will be administered prior to course completion and scheduled by course faculty.

Practice Assessments

Practice Assessment A will be conducted in class as an interactive activity.

Practice Assessment B will be opened for two-week time period prior to the proctored assessment.

Proctored Assessments

The course-specific ATI Assessment will count for 10 percent of the course grade. Grades will be calculated using the information outlined below.

Proctored Assessments

I.   Students can earn up to 10 points based on the proctored assessment outcome.

Student score	Level 3	*Level 2*	*Level 1*	*Below Level 1*
Points awarded	*10 points*	*8.5 points*	*5 points*	*0 points*
Remediation/ retake	▲Minimum one-hour remediation recommended to complete activities listed for assessment on ATI Pulse. ♣	• Minimum two-hour remediation to complete activities listed for assessment on ATI Pulse. • *Optional retest*	*Remediation:* • Minimum three-hours to complete activities listed for assessment on ATI Pulse and submit score report for each activity **Retest required*	*Remediation:* • Minimum four-hour complete activities listed for assessment on ATI Pulse and submit score report for each activity• **Retest required*

Students earning a level 1 or below a level 1:

- *Students earning a level 1 or below a level 1 on the first attempt are required to remediate and retake the proctored exam.*
- ***Failure to retake the proctored exam will result in 0 points for ATI Assessment in the course. Points previously earned will be forfeited.***
- *In order to retake the proctored exam, students must submit remediation based activities listed for assessment in ATI pulse*
- *The highest score of the two attempts will be recorded.*

Students earning a level 2 on the first attempt:

- *May choose to retake the exam. Points will be awarded for the highest level achieved from the two attempts.*
- *Remediation is not required but strongly encouraged.*

Students earning a level 3 on the proctored exam on the first attempt:

- *Do not need to retest*
- *Remediation is not required to be submitted but strongly encouraged.*

Successful completion of NUR 4829L and Certification to take the NCLEX-RN®:

Prior to NUR 4829L: Nursing Practice Immersion students must complete the ATI Comprehensive Predictor.

Students are expected to achieve a score $\geq$ 92% of the *Predicted Probability of Passing the NCLEX-RN® and a level 2 or better on 5 of 7 ATI content exams.* **Students who do not meet BOTH of these expectations must achieve the 100% stage of Virtual ATI remediation (at the student's expense). Following successful remediation, students will have completed the requirements for the ATI assignment in NUR 4829L.**

Undergraduate Program Committee Approval March 9, 2015; February 1, 2016

UPC May 3, 2018' UPC December 3, 2018; UPC October 7, 2019; January 13, 2020; April 5, 2021; March 28, 2022. May 3, 2022.

PROFESSIONAL STATEMENT
http://nursing.fau.edu/academics/student-resources/undergraduate/policies-regulations/professional-statement.php

When students of nursing begin their course of study, they enter into an implied professional agreement-agreeing to abide by the American Nurses Association (ANA) Code of Nursing Ethics and to conduct themselves in all aspects of their lives in a manner becoming a professional nurse. The College of Nursing faculty holds a professional ethic of caring and healing, recognizing that each person's environment includes everything that surrounds an individual. Similarly, the College creates an environment that preserves the wholeness and dignity of self and others. The faculty requires self and socially responsible behavior and will not accept actions that can be perceived as hostile, threatening or unsafe to others. It is the College's expectation that students promote a positive public image of nursing. It is the College's goal, as a professional college, to build an expanding community of nursing scholars and leaders within the context of its' caring-based philosophy. Safety of the person being nursed and accountability for individual actions are priorities and/or critical components/elements of a professional nursing education. Students who do not abide by this policy will be subject to appropriate academic sanctions which may include disciplinary action, dismissal from the College of Nursing, and/or suspension or expulsion from the University.

Approved in Faculty Assembly 11/28/2016

CHRISTINE E. LYNN COLLEGE OF NURSING

STATEMENT OF PHILOSOPHY

Nursing is a discipline of knowledge and professional practice grounded in caring. Nursing makes a unique contribution to society by nurturing the wholeness of persons and environment in caring. Caring in nursing is an intentional mutual human process in which the nurse artistically responds with authentic presence to calls from persons to enhance well-being. Nursing occurs in nursing situations: co-created lived experiences in which the caring between nurses and persons enhance well-being. Nursing is both science and art. Nursing science is the evolving body of distinctive nursing knowledge developed through systematic inquiry and research. The art of nursing is the creative use of nursing knowledge in practice. Knowledge development and practice in nursing require the complex integration of multiple patters of knowing. Nurses collaborate and lead interprofessional research and practice to support the health and well-being of persons inextricably connected within a diverse global society.

Persons as participant in the co-created nursing situation, refers to individual, families or communities. Person is unique and irreducible, dynamically interconnected with others and the environment in caring relationships. The nature of being human is to be caring. Humans choose values that give meaning to living and enhance well-being. Well-being is creating and living the meaning of life. Persons are nurtured in their wholeness and well-being through caring relationships.

Beliefs about learning and environments that foster learning are grounded in our view of person, the nature of nursing and nursing knowledge and the mission of the University. Learning involves the lifelong creation of understanding through the integration of knowledge within a context of value and meaning. A supportive environment for learning is a caring environment. A caring environment is one in which all aspects of the person are respected, nurtured and celebrated. The learning environment supports faculty-student relationships that honor and value the contributions of all and the shared learning and growth.

The above fundamental beliefs concerning Nursing, Person and Learning express our values and guides the actions of Faculty as they pursue the missions of teaching, research/scholarship and service shared by the Christine E. Lynn College of Nursing and Florida Atlantic University.

'revised April, 2012.'
